DOOR CUT OUT TEMPLATE
ZG00122 04.2024
176
(6-15/16")
149
(5-7/8")
1 Align this centre line with the centre line on the door face
2 Using a sharp pencil, draw around the edge of the template.
Square lines marked AA' across front edge of door
3 Cut out the door keeping to the lines marked.
Take special care with the cut out on the front edge of the door as this will be visible when handle is fitted.
