Annecy Lever on Rose – P12

## Annecy

Inspired by traditional French provincial design, the Annecy pays homage to its namesake, while providing a universal, refined choice for the discerning designer.

A classic design; the beauty of this solid brass, forged lever is not confined by trends and will stand the test of time.

Annecy Lever on Rose – P12

Available in a wide range of finishes, the Annecy charms on a concealed fix rose, or paired with any number of suitable backplates in our range.

This range comes with face fix wood screws and tie bolts. All fixings are concealed. Available in 10 finishes.

Berlin Lever on Chamfered — P17

## Berlin

A nod to the Bauhaus movement of the early 20th century, the Berlin range aims to unite fine art and design with function and practicality. The clean lines acknowledge the simplified forms and rationality of the period whilst balancing a high level of detail with excellent craftsmanship.

A versatile range that can be adapted to numerous settings but is particularly striking in modern and industrial projects.

Manufactured from solid, forged brass, the Berlin range features complimentary door levers, privacy turns, pull handles and cupboard knobs in matching finishes.

All levers come with face fix wood screws and tie bolts. Euro and privacy punch outs are 85mm CTC. Available in 9 finishes.

Bronte Lever on Rose – P23

## Bronte

Both form and function have been carefully considered in the design of the Bronte lever. While contemporary in style with its defined edges and distinct oval form, the back of the lever has been gently rounded to ensure the lever is soft to the touch and invites use.

Stunning on a square or round rose, or paired with one of our sleek, minimalist backplates; this forged brass lever will provide the finishing modern touch to your project.

This product comes with face fix wood screws and tie bolts. Euro and privacy punch outs are 85mm CTC. Available in 9 finishes.

## Brunswick

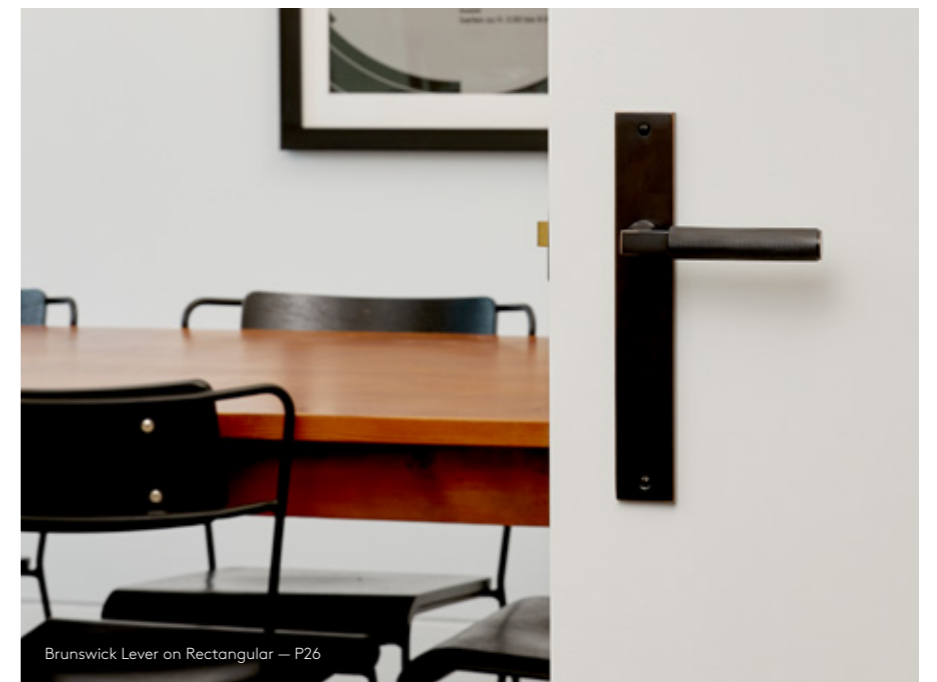

The Brunswick begins with a simplified form, adapted from the traditional Bauhaus designs of the 1920's and 1930's.

The product is then encased in diamond knurling which not only enhances its aesthetics but engages the user through the sense of touch when gripped.

Bold, yet understated, the Brunswick range looks just as comfortable in a modern apartment as it does in a warehouse conversion.

Manufactured from solid, forged brass, the Brunswick range features complimentary door levers, privacy turns, pull handles and cupboard in matching finishes.

This product comes with face fix wood screws and tie bolts. Euro and privacy punch outs are 85mm CTC. Available in 7 finishes.

Como on Rose – P41

Constructed from forged, solid brass, the Como is available in a wide range of finishes and perfectly suits our concealed fix rose, or a number of minimalist backplates in our range.

This product comes with face fix wood screws and tie bolts. All fixings are concealed. Available in 9 finishes.

## Como

Inspired by the elegant designs of mid-century Italian architecture, the Como lever embodies minimalist sophistication. Graceful and tactile, the Como is one of our most versatile levers.

### Guildford

The elegance of the Guildford is embodied in its reeded form, inspired by designs of the early Georgian era. Used with a concealed fix rose, the Guildford provides a perfect option for your period restoration, contemporary extension or new build.

Paired with a sleek backplate from our range, the knob perfectly bridges the gap between traditional and contemporary.

Available in a range of traditional and contemporary finishes, these knobs will suit a period restoration, modern extension or new build.

This product comes with face fix wood screws and tie bolts. All fixings are concealed. Made from solid, forged brass and available in 10 finishes.
