TO CATCH YOUR CLOTHES ON

no protruding latch tongue to catch your clothes on: practical and convenient

NO VISIBLE STRIKER PLATE -  
CLEAN & SIMPLE LINES

no visible striker plate -  
clean & simple lines

# Magnetic Locks & Latches

## BL001 Magnetic Passage Latch

## BL003 Rebate Kit & BL003A Metal Frame Receiver

### Key Features

The new patented magnetic tubular passage latch (BL001) by Bonaiti of Italy represents the next leap forward in door latching hardware.

#### aesthetics

There is no visible striker plate when the door is closed. As a result you have a clean door & jamb. When the door is open, there is no unsightly latch tongue protruding from the edge of the door to catch your clothes on - a clean look.

#### functionality

The same as any standard swinging door latch.

#### protruding latch tongue and striker plate

There is no chance of catching clothes or arms on protruding latch tongues & striker plates as they do not exist with the BL001.

#### pivot doors

The BL001 is ideal for doors that swing in both directions due to the fact that the latch is not handed; this means that it will latch no matter which direction the door swings in. In addition, traditional solutions require a visible unsightly custom-made striker plate to be mounted to both sides of the door jamb. Not with the BL001 - the latch only engages when the door is in the closed position.

#### noise

The latching mechanism is silent due to it being magnetic. There is no latch tongue to hit the striker plate when closing or opening the door.

#### wide door jambs

There is now no longer any need for wide, custom made striker plates. The BL001 tongue only engages when the magnetism of both the latch and striker meet when the door is in the closed position.

#### reliability

Because the tongue engages due to the magnetic attraction to the cup in the striker plate (and not due to moving and mechanical parts), it will, for all intents and purposes, never fail. Tested to over 400,000 cycles - totally reliable.

## BL001

#### available finish

SC satin chrome  
CR polished chrome  
PB polished brass

#### spindle sizes suitability (mm)

8mm or 7.65mm

#### hub back set

60mm

#### specification code & finish

patented magnetic tube latch  
BL001 - finish

#### rebate kit

BL003 - finish

#### metal frame receiver

BL003A - finish

NO VISIBLE STRIKER PLATE -  
CLEAN & SIMPLE LINES

no protruding latch tongue to catch your clothes on: practical and convenient

#### Quick Facts

Compatibility	Standard Australian, European & Asian door hardware
Reliability	Tested to over 400,000 cycles
Spindle Size	8mm or 7.65mm
Back Set Hub	60mm
Visible Striker Plate	No
Visible Latch Tongue	No
Tongue Action Noise	Silent
Place of Manufacture	Italy
Manufacturer's Guarantee	2 years
