HB 710 - L MAGNETIC DOOR STOP

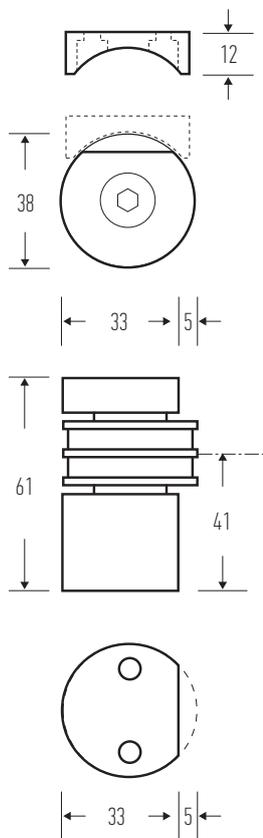

The Halliday + Baillie HB 710-L Round Door Stop is designed to provide a stronger mechanical holding force than the HB 710 model for when a mechanical hold open function is required. The door-mounted steel Keeper is finished to match and nests perfectly into the magnet, providing a strong 3300 Gauss force for securing larger doors.

Suitable for interior or covered exterior use. Includes steel Keeper (below), and all fasteners.

Material : Aluminium-alloy, stainless steel fasteners, steel Keeper and magnets.

Dimensions : 38 ϕ x 61 H

Available in all standard Halliday + Baillie finishes. See finishes sheet for further details.

Centerline of magnet and Keeper : 40mm

Designed and manufactured in New Zealand. For more information, installation templates, and measured drawings of this product and others please visit : www.hallidaybaillie.com or contact your authorized Halliday + Baillie dealer. All information subject to change.
