

6030 SERIES

CYLINDERS

CYLINDER, 6030-3071

Standard, non-handed, cast iron cylinder assembly with mounting plate. For various applications see "Table of Sizes" on 6030 Series page 36.

ARM

STANDARD ARM, 6030-3077T

Non-handed 5/16" (8 mm) thick arm.
Track roller not included with arm.

TRACKS

STANDARD TRACK with BUMPER, 6030-3038B

Standard, non hold-open, non-handed track with bumper.
Will accept hold-open clip.

HOLD-OPEN TRACK with BUMPER, 6030-3038HB

Optional, non-handed hold-open track with bumper.

INSTALLATION ACCESSORIES

WOOD MOUNTING CLIP SET, 6030-416

Simplifies mounting closer in wood frame. Includes latch stile clip, hinge stile clip, and cover. For use with Ives Series center pivots. Consult factory for special template.

TRACK BUMPER, 6030-169

Mounts in track to assist backcheck. Limits maximum opening.
Consists of bumper, bumper post, and mounting screw.
NOTE: Track bumper does not replace auxiliary stop.

HOLD-OPEN CLIP, 6030-3054

Mounts in track to provide hold-open function.
Hold-open point controlled by clip location.

TRACK ROLLER, 6030-3034

Quiet, low friction roller assembly includes eccentric with 3/4" (19 mm) adjustment to center 36" (914 mm) door.
