**PRODUCT:**  
Vanda Part Flushbox Reces for double blind systems VA-PB-101

**DESCRIPTION:**  
Part box extrusion with extension cover plate, designed to be recessed into the ceiling to conceal blinds

**MATERIAL:**  
Powder coated aluminium in standard Vanda White or a Dulux powdercoat colour.

**NOTES:**  
Ensure there is space for window/door handles. The partbox can be tilted after the ceiling linings have been fixed, stopped and painted as the box has an 8.0mm flange that covers the end of the cut ceiling plasterboard lining.

Blinds can be chain controlled or automated. Trimming of the removable cover plate is required for chain control blinds. Extrusion comes supplied in 4.2m lengths.

Spacing allocated for Acmeda Double top fix bracket.  
Maximum Drop Height: 3000mm  
Opening width for Blinds: 47mm

Builders to form a recess cavity to allow for 2 x roller blinds to sit on a pair of single brackets. Vanda part box with extension coverplate to fit on room side with flange to locate plasterboard lining. Cavity recess size to be 130mm wide x 180mm high. Blinds run side by side, close to window.

Sewn pocket and Lathe treatment recommended for blinds in this product.
