*A room* should start  
a *conversation* before  
people actually start  
exchanging *words*.

– Barry Dixon, Interior Designer

## LOCKWOOD VIVID® COLLECTION

# Unleash *your* Style

Proudly introducing the Lockwood Vivid® Collection. Available in three finishes – Satin Brass, Satin Gunmetal, and Matt Black, this is a range well-placed to satisfy the growing consumer trend towards coloured door hardware finishes. Gunmetal is a popular choice thanks to its versatility, and it works with almost any décor style, from sleek and modern to heritage charm. There is also an emerging preference for warmer, natural tones such as brass, which work well in Modern Country and Hamptons-inspired homes and add character to new builds. And let's not forget the timeless Matt Black.

Vivid® Collection levers come in Passage, Privacy and Dummy internal door formats, as well as sliding door components like cavity sliders and accessories such as door stops.

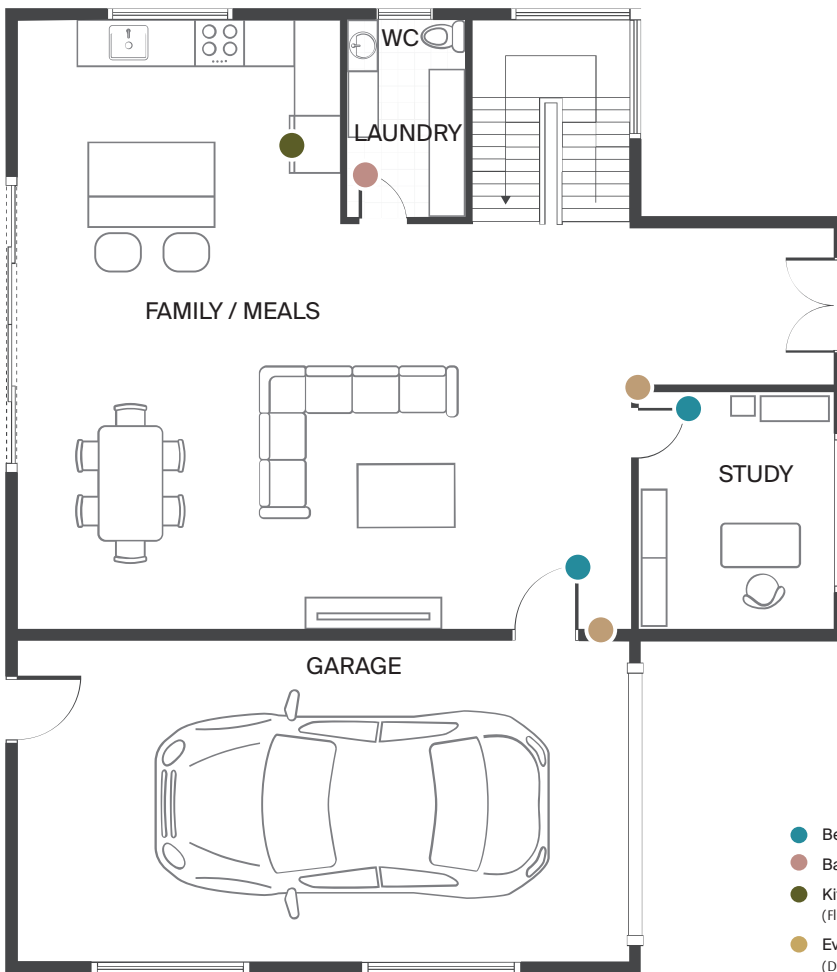

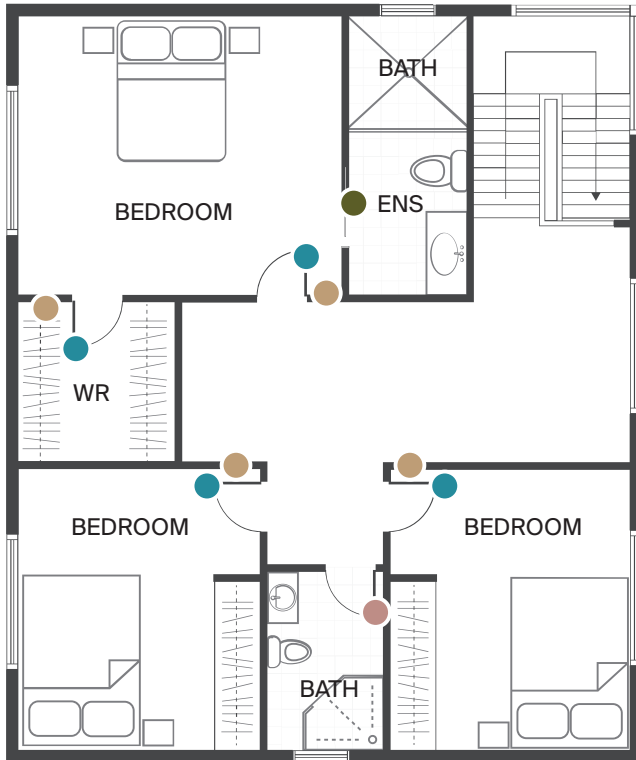

The Vivid® Collection's Satin Brass & Satin Gunmetal are derived from a physical vapor deposition (PVD) surface treatment which offers a range of benefits, including sustainability and durability. PVD coatings exhibit unparalleled hardness, with four times the robustness of chrome, along with superior scratch and wear resistance, and reduced susceptibility to corrosion. In addition, PVD coatings do not emit toxic liquids or gases during manufacturing, making them a cleaner and safer method of production.

With the peace of mind that PVD provides, and the variety of coloured finishes to match any home décor style, Vivid® Collection is the ideal solution for renovators and new home builders alike.

Your *home* should tell the  
*story* of who you are, and be a  
collection of what you *love*.

— Nate Berkus, Interior Designer

- Bedroom (Passage / Dummy Lever)
- Bathroom / Ensuite (Privacy Leverset)
- Kitchen Pantries, other Sliding Doors (Flush Pull, Edge Pull and Cavity Slider Privacy Set)
- Every Internal Door (Door Stop)

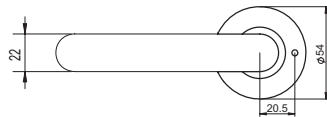

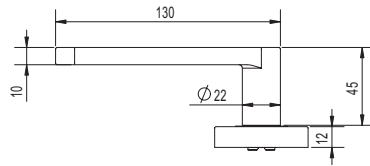

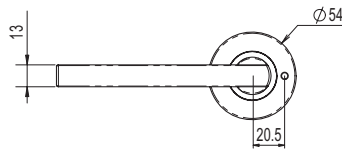

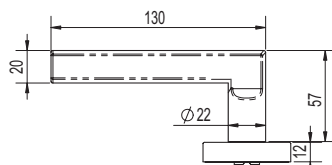

# Bathroom/Ensuite
